The Prayer of Jabez

God enlarged my life beyond my pain.

1 Chronicles 4:10

Loretta "Lolo" Hall

Welcome

Hello, and welcome.

Before you read another word, take a breath and invite God into this moment with you. This chapter - "The Prayer of Jabez" - is not just something to read; it is a place to meet Him.

Come with an open heart. Let Him speak to the very thing you are carrying today.

With love and faith,

Lolo

Key Scripture

"And Jabez called on the God of Israel, saying, Oh that thou wouldest bless me indeed, and enlarge my coast... And God granted him that which he requested."

1 Chronicles 4:10

Why this scripture matters: This is the promise beneath "The Prayer of Jabez."
Let it anchor you as you read - god enlarged my life beyond my pain.

Chapter Story - My Testimony

There was a time when I believed my life would always be defined by pain.

Long before Heavenly Hands Divine, before the ministry, before the books, before people knew my name, there was simply a woman crying out to God. I had experienced loss, sickness, disappointment, rejection, and seasons that seemed too heavy to carry. There were moments when I wondered if my story would ever become anything more than survival.

Yet in the middle of those difficult seasons, God began changing my prayer.

Instead of asking Him only to remove the pain, He taught me to pray for something greater. Like Jabez, I began asking God to enlarge my territory - not for recognition, but so my life could become a testimony of His faithfulness.

Looking back, I can see that God answered that prayer in ways I never imagined. He enlarged my faith before He enlarged my influence. He enlarged my compassion before He enlarged my ministry. He enlarged my vision before He enlarged my opportunities.

The very places where I thought my life had ended became the places where God began something new. My scars became reminders of His healing. My tears became seeds of hope for someone else. My testimony became proof that God can take what was broken and use it for His glory.

If you are reading this today, perhaps you are praying your own Prayer of Jabez. Maybe you feel overlooked, discouraged, or uncertain about what comes next. I want you to know that God sees far beyond your current circumstances. He specializes in enlarging lives that have been shaped by hardship.

Don't let your past define your future. Let God's promise define it.

The same God who heard my cry is listening to yours. He has not forgotten you. Your pain is not the end of your story - it may be the very beginning of the purpose He has been preparing all along.

With love and faith,
